

Students gain free access to Microsoft Office (student ed) once enrolled. Virus protection is required on every device in order to join the school network. Students must have earphones/plugs or headphones compatible with their chosen device. All devices (tablet, PC or Mac) used by students in years 7, 8 & 9 must have the NAPLAN locked down browser or app installed. This is available from the App store. Protective case/bag is recommended.

The following device requirements apply:

Device	<u>Minimum requirements</u>			Not Supported
	Locked down browser	Operating System	Hardware	
PC	Locked down browser for Windows	Windows 8.1, 10	1GB RAM, 1Ghz processor, 1GB hard drive space free or Windows tablet running Windows 8.1, headphone & USB port.
