

BUNDABERG
STATE HIGH SCHOOL

Suggested SUBJECT OFFERINGS/PREREQUISITES YEAR 11 2020

In the Senior phase of learning, Bundaberg State High School expects all students who graduate to attain a QCE or QCIA that leads to/enhances their chosen pathways.

With guidance from the school, students are responsible for driving their success towards their chosen pathways. Planning suitable pathways begins in Year 9 and is supported through Year 10 through career development opportunities currently embedded in the school curriculum. Internet guided research into career options, career talks, expo's and work experience all provide opportunities for students to learn more about the jobs which align with their interests.

Success in Years 11 and 12 means doing your best in Year 10 to meet prerequisites for Years 11 and 12 subject entry. Teachers will recommend subjects more suitable for you based on the evidence – your academic grades, behaviour and effort results. You must also be aware of the minimum eligibility requirements for employment in specialised occupations, e.g. Year 10 pass in Maths and English for Defence Force jobs. Failure to meet prerequisites will impact your subject choices for next year. Please also note that effort and behaviour results will be taken into account for post-compulsory (Year 11) enrolment.

The table below outlines the minimum result you need to achieve in Year 10 to be permitted to study similar subjects in Year 11 next year. Some of the subjects below MAY NOT be offered in Year 11, depending on subject numbers, so always have a backup option.

ATAR ELIGIBILITY

- Five General subjects

OR

- Four General subjects and one Applied subject

OR

- Four General subjects and one VET subject completed at Certificate III or higher

AND

Complete a QCAA English subject at a C or better standard.

SUBJECT	Possible QCE Credit	Subject Code	RECOMMENDED YEAR 10 MINIMUM LEVEL OF ACHIEVEMENT/COURSE	Approximate Subject fees in addition to SRS * per year
GENERAL SUBJECTS				
(requires a commitment of minimum of 30 minutes per subject for revision/homework; minimum 92% attendance; demonstrates good study habits)
