

<i>English</i>	Years	Subject Code	OP	QCE Credits	VET	Prerequisites
	10	ENF/ENG	N/A	Nil	Nil	Nil

HEAD OF DEPARTMENT: Ms Melanie Currie

SUBJECT OUTLINE:

In Year 10, students who studied Foundation English in Year 9 will normally continue in that subject. Some other students who experience difficulty in mainstream English and require literacy development will also be encouraged to participate in Foundation English.

The remainder of year ten students will participate in the Senior English course.

The Senior English strand provides students with the skills required to succeed in Senior English in years 11 and 12 or to function successfully in the workplace.

ASSESSMENT OUTLINE:

All English subjects are assessed through a range of spoken and written tasks such as assignments, in-class exams, group and individual spoken presentations.

COSTS:

Students, through their resource hire fee, have access to the required resources. Additional costs may arise if excursions or performances are scheduled at any stage throughout the course.

STUDENT REQUIREMENTS:

Students will be required to complete a variety of spoken and written tasks. A willingness to work hard and participate at all times is essential. There is also an expectation that students will be required to read a number of extra texts along with the required texts in class. Students will also have the opportunity to participate in on-line discussion forums and view a variety of on-line texts.
